Forecast For The United Kingdom
Issued by Met Office Exeter
at 0400 on Tuesday 30 Mar 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Wet in the far northwest, otherwise mostly fine and warm.

Today:
Cloudy with spells of rain across northern and northwest Scotland, heaviest and most persistent rain over western Highland. Otherwise, generally fine and dry with plenty of warm sunshine.

Tonight:
Northern Scotland staying cloudy with further spells of rain, heaviest and most persistent rain over western Highland. Otherwise, generally dry with clear periods.

Wednesday:
Most of England and Wales will be fine, warm and dry, sunniest skies in the southeast. Cloudier across Scotland and Northern Ireland with some rain at times.

Outlook for Thursday to Saturday:
Largely dry with sunny spells for most. Still very warm in the southwest on Thursday, otherwise temperatures around average with chilly nights. Cooler and cloudier at times in the east.
